**Felipe Espinoza, M.D.
Director of Neuroradiology**

PROFESSIONAL BACKGROUND

Dr. Felipe Espinoza is board-certified in Diagnostic Radiology and Neuroradiology with the American Board of Radiology (ABR). Dr. Espinoza graduated from Vanderbilt University School of Medicine in Nashville TN. Following medical school, Dr. Espinoza completed his internship at Chandler Memorial Medical Center with the University of Kentucky Medical School and subsequently completed a residency program at Jackson Memorial Medical Center with the University of Miami Medical School. Dr. Espinoza continued his studies at the University of North Carolina where he completed a Neuroradiology fellowship. While in residency, Dr. Espinoza was Chief Resident.

Dr. Espinoza joined Desert Medical Imaging (DMI) in September 2017 and is currently the Director of Neuroradiology. His special interests include stem cell therapy, imaged guided minimally invasive procedures and therapeutics. He served in multiple roles within the scope of imaging services and diagnostic clinics and provided radiological subject matter expertise with organizations at various locations across the United States. He has performed comprehensive imaging and diagnostic testing across a broad range of modalities. He also served as a volunteer Radiology instructor at Kendall Regional Medical Center.

Dr. Espinoza enjoys cooking, hiking, travel and exploring the diverse natural environments of Southern California. For more information about Dr. Espinoza, please find him on our website at www.HALODx.com.
