**Steven R. Gunberg, D.O.**  
**PROFESSIONAL BACKGROUND**

Dr. Steven Ray Gunberg is a Diagnostic Radiologist with more than 26 years of radiology experience. Dr. Gunberg graduated from Kansas City University Medicine and Biosciences; College of Osteopathic Medicine. Following medical school, Dr. Gunberg completed his internship at the Chicago Osteopathic School of Medicine in Illinois and subsequently completed residency programs at Doctors Hospital and Charles R. Drew University of Medicine and Sciences, an affiliate of UCLA. While in residency, Dr. Gunberg was awarded Resident of the Year and was Chief Resident. Dr. Gunberg continued his studies at University of California San Francisco where he completed a Fellowship in MRI Body Imaging, CT and Ultrasound. Dr. Gunberg is dual fellowship trained in Body Imaging and Musculoskeletal Imaging.

Dr. Gunberg joined Desert Medical Imaging (DMI) in September 2017 and is currently the Director of Body and Cardiac Imaging. He specializes in cardiac imaging and is currently a member of the Society of Cardiovascular CT. Previously, he served as the Clinical Assistant Professor at the University with Colorado Health Science Center where he served for seventeen years. While on staff at National Jewish Health/Exempla Saint Joseph Hospital Dr. Gunberg served as Department Chair for thirteen years where he was involved with strategic planning for the hospital and was a Board Member of Diversified Radiology of Colorado.

Dr. Gunberg is a father of three children. His oldest, Alex, graduated from Colorado School of Mines with a degree in petroleum engineering. He is currently designing and building pharmaceutical companies. Natasha is a master fly fisherwomen and Director of Client Services at hedge fund manager, Black Swift Group, LLC. His youngest, Rebecca, studied at New York University's Steinhardt School of Arts. She now hosts art shows across the country. Dr. Gunberg puts family first and enjoys skiing, surfing, golf, SCUBA, running, biking, painting, playing music, hiking (now in the Coachella Valley) and learning and teaching radiology.

Dr. Gunberg has published several peer review journals including "*Three-dimensional Reconstruction of Small Vessels Using Spiral CT Angiography*" and "*Affinity Purification of Human Brain Tissue Factor Utilizing Factor VII Bound to Immobilized Anti-factor VII*". Dr. Gunberg holds Board certification in Radiology from the American Board of Radiology, Osteopathic Board of Radiology and is Board certified by the Society of Cardiovascular Cat Scan (CT).
